

Grap breaks school record

On Dec. 8, two minutes into the second half of a 52-35 non-conference basketball victory over Havre de Grace High School, senior Briana Grap hit a three-point field goal giving her 1,143 career points and the career scoring record for women at Our Lady of Mount Carmel High School, Middle River. Grap has twice been named to the Interscholastic Athletic Association of Maryland's All- Conference team, and led the Cougars to the 2005-06 IAAM C Conference championship.

Grap is not only the career leader in scoring, but also owns the records for career assists, steals and three-point field goals. Grap, a two-sport Cougar athlete, plays volleyball in the fall and surpasses Kerry Weber, a 2002 graduate, who was a three sport standout at Mount Carmel.

Grap is being recruited by several Division III schools where she plans to major in education with the hope of one day coaching.
