

Great lessons at cathedral

The eight side entrance doorways at the Cathedral of Mary Our Queen offer a offers a very good education in Catholic history and tradition. From “Who is God? God is the Creator of Heaven and Earth and all things,” to the “4 Cardinal Virtues – Prudence, Justice, Temperance and Fortitude,” these are some of the basic things that all Catholics in the Archdiocese of Baltimore should know and practice.

We can help to bring true heavenly peace to this sinful world if we organize weekly prayers for peace at the Cathedral of Mary Our Queen. Let us be devoted to the Blessed Virgin Mary, because Jesus was devoted to Mary. We can imitate Christ more closely, when we honor the same woman that Jesus honored. Incidentally, if you search “prayer websites” on the Internet, you will find more than 21 million website, 6 million Catholic sites alone. How wonderful, that so many people and groups are encouraging people to pray, because prayer changes things.
