

# **Watch: A new Ten Commandments... According To Second Graders**

Welcome to the second part of our new video series where we talk with kids talking about the Ten Commandments.

Last time, we talked with School of the Incarnation in Gambrills, MD (watch video)

This time, we chatted with St. Louis School in Clarksville, also in Maryland. We have loads of material, but first we wanted to share with you how they imagined God.

They will make you laugh... and think.
