iServe 2012-July 26, 27 2012-St John's

Great feedback from teens

Areas of improvement from 2011

1. Picnic-location a real plus not to walk 2. good quality music and liturgy done well Areas of improvement for 2013

1. MC needed for event-make all announcements-must have micro available

2. Side dishes increase

3. Chaperones and YM's need to clearly understand what is asked of them-additional meeting?

Assign adults to specific areas for free time

More male chaperones needed

Move boys to gym for sleep and girls upstairs

Supply games for gym, outdoors, etc during free play

4. Reconsider iLead make up-too few parishes represented

Use only for witness talks

Need instructions on how to use worship aids

5. Use Constant Contact(event marketing) for initial registration and tweak groups when YM's meet together. Can use for regional events.

Meeting will be held with area priests to discuss what, when and how we can collaborate with Mass, adoration and confessions at iServe and retreats

WYD theme incorporated for iServe 2013, July 25-26, 2013-uncertainty about attendance at the Mount on Sat July 27 event.

Core Team Retreat at Seton Shrine-Aug 18

13 people attended-speaker slightly controversial, but engaging. Attendees would like more time to unpack topics. Suggested that YM's do talks because they know their audience better. Time of year for retreat up for additional discussion.
