

State of Maryland Capacity Restrictions - Maryland Governor Larry Hogan announced this week the lifting of restrictions associated with some venues in relation to capacity levels, that goes into effect March 12 at 5:00 p.m. For the moment, parishes are asked to continue with procedures in accordance with existing archdiocesan guidance and not to make any major changes to procedures or capacity levels.

- Please note as local jurisdictions begin to weigh in and officially offer compliance or modifications, the Archdiocese will continue to keep abreast of the changes and work to increasing our capacity levels in a safe and healthy way. Expect specific, updated guidance next week.
- Please remember to maintain safe social distance protocols, wearing of face masks and frequent hand washing.
- Outdoor events also require adherence to safe social distance protocols and the wearing of face masks.
