2023 Reflection Day for Liturgical Ministers

Eucharist at the Heart of Missionary Discipleship

All who gather for the Eucharistic celebration are called to a wholehearted participation in the offering of the Mass. This participation is expressed internally as well as externally – through gestures, postures, as well as through sung and spoken prayers. The Reflection Day for Liturgical Ministers will seek to inspire, inform and send forth lay liturgical ministers to fully engage in the ritual action of the Mass and then to model and share it with their brothers and sisters in the assembly – **both in the liturgy and in their lives.**
