Bishop Walsh School is proudly named after Bishop James Edward Walsh, M.M., a Cumberland native whose lifetime of service in South China resulted in 12 years of imprisonment by the Communist Chinese Government.

Bishop Walsh left for China in June of 1918. He became the Bishop for Kongmoon in 1927 and served as the Superior General of Maryknoll, New York from 1936 to 1946. Returning to China, he was imprisoned in Shanghai from 1958 to 1970.

Our high school was dedicated in his honor in 1966. Bishop Walsh was freed in July of 1970 and shared a joyous dedication in his honor in Cumberland later that year. He died at Maryknoll on July 29, 1981. The Walsh family remains active in the community and as a part of our school family. Bishop Walsh School has built its reputation on a firm foundation of parochial education in Western Maryland and the surrounding area. The proud traditions of LaSalle High School, Catholic Girl's Central High School, St. Mary's High School, St. Peter's School, and the Ursuline Academy have had profound influence on the presence of Catholic education in this region, and these alumni/ae remain dedicated to the future of a Catholic school presence as a choice for educational excellence.

Bishop Walsh serves a diverse population from three states and maintains a high academic standard for all students in grades Pre-K3 through 12.

Loyola Blakefield, a Catholic, Jesuit school for boys in grades six through 12, offers a college preparatory curriculum with courses that include honors and Advanced Placement, complemented by enriching electives and co-curricular activities. Ignatian service and spiritual formation in the Jesuit tradition is the hallmark of a Loyola education. We have 17 interscholastic sports teams, musical and dramatic performing arts ensembles, clubs, and student organizations.

SIGNATURE PROGRAMS

Loyola's **Ignatian Honors Program**, a mission-driven, educational experience, challenges students to explore the human condition through an interdisciplinary, humanities, or STEM curriculum. Students selected for the program demonstrate a passion for uncovering the "what," while making connections between the academic subjects, and generating personal insights through critical thinking and hands-on learning experiences.

A traditional liberal arts education focuses on liberating the minds of boys, allowing them to pursue a multi-disciplinary education. Our **Certificate Program** takes this a step further by recognizing students who practice their passions through coursework and co-curricular activities.

Murray Learning Services, a fee-for-service program that supports motivated students with documented learning differences, provides the tools necessary to succeed at the university level. Students are supported by individualized learning plans, based on psycho-educational testing. Working with Guidance and College Counseling, Murray Services supports participating students and their families, as well as all Loyola families with questions concerning learning issues.

Our **Cyber Science Program** is regarded as a world leader in providing students with industry-caliber skills required by today's employers. Our program competes at the national level, making it to the finals of the prestigious CyberPatriot for five consecutive years.

HIGH SCHOOL PLACEMENT TEST

NOVEMBER 15 & NOVEMBER 22*

WHAT IS THE HIGH SCHOOL PLACEMENT TEST (HSPT)?

The HSPT is a standardized, timed test, required of every 8th grade student applying to attend a Catholic high school in the Archdiocese of Baltimore. It contains five sections. The first two sections measure verbal and quantitative ability. The next three sections include questions related to reading comprehension, mathematics, and the components of written language. The HSPT questions are designed to test students at their curriculum level.

HOW DOES THE REGISTRATION PROCESS WORK?

Students are strongly encouraged to register for the HSPT via the online registration portal, located at stsusers.com/stsusers/registration/static/baltimore.php. Links to the registration portal may also be found on each high school's website. After registering online, students receive a confirmation number that should be brought to the testing site on the day of the test. If you cannot access the online registration portal, please call the testing site directly to register. Students may walk in on testing day without registering, assuming the test site has enough proctors available to accommodate walk-ins. Please note that students may not walk in and request any testing accommodations. If this occurs, the student will either test without accommodations, or be asked to register for another test date, if available.

HOW DO I CHANGE THE RANKING OF MY HIGH SCHOOL CHOICES?

Online registration for the HSPT opens on September 9, 2025. We recognize that students spend the next few months learning more about the various Catholic high schools. During the time period leading up to the HSPT, students may change their first, second, and third choice schools. Families can use their email addresses and confirmation numbers to re-enter the online registration portal and edit preferences up until two days before the testing date.

WHAT IS NEEDED ON TESTING DAY?

For those who have registered and paid with a credit card online, bring your confirmation code and two number 2 pencils. All other students must bring \$45 in cash, along with any personal information necessary to register. Walk-ins may not be able to test if a testing site is already at capacity.

WHEN WILL SCORES BE SENT?

Score reports are electronically generated, and when registering, parents can opt to receive either an electronic copy or a printed copy. Parents can expect test results within a month of the test date, but electronic scores may arrive sooner. The high schools chosen by the eighth grader to receive scores obtain reports directly from Scholastic Testing Service.

ARE ACCOMMODATIONS AVAILABLE FOR STUDENTS WITH A SERVICE PLAN, IEP, OR A RECENT EVALUATION?

Yes, every testing site offers extended time, a separate room, and a calculator or math chart to students with a documented need. Other accommodations vary according to the testing site. When students register for the HSPT, they are asked whether extra accommodations are needed. If indicated yes, upload documentation into the registration portal, and then reach out to the testing site to confirm the accommodation. All documentation of requested accommodations should date no earlier than the fifth grade year and must be submitted by October 31, 2025.

**Eighth grade students who currently attend a Catholic school in the Archdiocese of Baltimore will test on November 19.*

A F F O R D A B I L I T Y

The Archdiocese of Baltimore understands and appreciates the financial commitment and sacrifice families make in sending their children to a Catholic high school. Although paying for education is first and foremost the responsibility of a family, each school, along with the Archdiocese, devotes significant funds every year to grant and aid programs. This allows our school communities to attract students that otherwise would not be able to attend a Catholic high school.

WHAT IS TUITION ASSISTANCE?

Tuition assistance is a need-based analysis of the cost of education vs. a family's ability to pay. These awards do not need to be repaid. Each high school offers its own tuition assistance for families; contact the Admissions Office at your school of choice for more information.

Any student interested in attending a Catholic high school may apply for grants and aid from the Archdiocese of Baltimore. Archdiocesan tuition assistance generally comes from two funding sources: the Partners in Excellence Program (available to applicants at select Archdiocesan high schools) and the Archdiocese of Baltimore School Fund (available to applicants at Archdiocesan and independent high schools). To help the Archdiocese objectively assess what a family is able to contribute to education expenses, an independent third party, FACTS Management, is used. The money awarded by the Archdiocese is distributed under the following priorities:

1. Current recipients of grants and aid
2. Financial need of a family

Individual high schools distribute their grants and aid using various services such as FACTS, School & Student Services (SSS), and Private School Aid Service (PSAS). If applying to a school that also uses FACTS, you only need to apply once to be considered for aid from the school and the Archdiocese. Schools that do not use FACTS require a separate application for their tuition assistance distribution.

More information about FACTS can be found at factsmgt.com. Catholic parishes throughout the Archdiocese of Baltimore also provide tuition assistance, with many using FACTS to process applications. Please reach out to your parish for more information on the assistance they can offer.

For additional information on tuition assistance, contact any of our high school admissions offices, or Ashley Conley, Director of School Finance, at 410-547-5355 or aconley@archbalt.org.

5 2 9 P L A N S

The provision in the federal Tax Cuts and Jobs Act expanded the usage of Section 529 College Savings Plans, allowing account funds to be used for K-12 private school tuition. The Catholic school community is excited about this allowance and the tax benefits associated with tuition payments through 529 accounts. Visit maryland529.com to open an account. Please seek the advice of a licensed accountant in all tax-related matters.

G O V E R N A N C E

All Catholic high schools in the Archdiocese of Baltimore operate under one of the following governance models:

ARCHDIOCESAN SCHOOLS*

Whether led on the local level by a canonical representative, school board, president, and/or principal, these schools are served by the Archdiocese in terms of educational and administrative resources.

INDEPENDENT CATHOLIC SCHOOLS*

Privately owned, operated, and incorporated, these schools follow certain Archdiocesan precepts to retain their "Catholic" status.

**All schools and parishes are owned and operated by separately incorporated legal entities. Schools included in this publication are Catholic and comply with the applicable teachings of the Roman Catholic Church. Schools designated as "Independent" often have a governance or historic relationship with a particular religious order.*

ADMISSIONS GUIDELINES

START PREPARING EARLY

Catholic High School Admissions look at all three years of a student’s middle school career when considering applications. Do not wait until the fall of 8th grade to start taking grades, behavior, and attendance seriously!

SEEK APPLICATION GUIDANCE

Meet with teachers and/or administrators from your child’s middle school to review which Catholic high schools your child plans on applying to. Middle school teachers and administrators can help to manage expectations, and steer families to consider other options when appropriate.

BEHAVIOR MATTERS

When making admissions decisions, Catholic high schools look at the number of tardies and absences a student has, as well as overall behavior during the 6th, 7th, and 8th grade years. The high schools consider behavior displayed during a student’s Shadow Day, as well as interview. Finally, Catholic high schools may consider content students post on social media.

INCREASING COMPETITION

Catholic high schools have seen an uptick in the quantity and quality of applications from students attending Catholic schools, private schools, and public schools. Catholic high schools do not have the capacity to guarantee acceptance into a Catholic high school. Students are encouraged to apply to three Catholic high schools, to keep their options open in this competitive environment. Admission criteria and capacity vary by individual high school, so acceptance or denial at one Catholic high school does not imply the same outcome at another Catholic high school.

ACADEMICS

Catholic high schools look at MAP scores, HSPT scores, and middle school grades and report card comments.

AFFORDABILITY

Wonderful candidates may not be offered scholarship money to attend a Catholic high school. The Catholic high school admissions environment is competitive, and financial need of applicants far outweighs the amount of scholarship money schools have to offer.

LA PRUEBA DE NIVEL DE ESCUELA SECUNDARIA (HSPT, POR SUS SIGLAS EN INGLÉS)

15 Y 22 DE NOVIEMBRE *

¿QUÉ ES EL HSPT? El HSPT es una prueba estandarizada y cronometrada que debe presentar todo estudiante del octavo grado que va a presentar una solicitud para asistir a una escuela secundaria católica en la Arquidiócesis de Baltimore. La prueba tiene cinco secciones. Las dos primeras secciones miden la capacidad verbal y cuantitativa. Las siguientes tres secciones incluyen preguntas relacionadas con la comprensión de lectura, matemáticas y los componentes del lenguaje escrito. Las preguntas de la prueba HSPT están diseñadas para evaluar a los estudiantes en su nivel de currículo.

¿CÓMO FUNCIONA EL PROCESO DE INSCRIPCIÓN? Animamos a los estudiantes a inscribirse a la prueba HSPT a través del portal de inscripción en línea, en el sitio web: stsusers.com/stsusers/registration/static/baltimore.php. Los enlaces al portal de inscripción también se pueden encontrar en el sitio web de cada escuela secundaria. Después de inscribirse en línea, los estudiantes reciben un número de confirmación que debe ser llevado al sitio de pruebas, el día de la prueba. Si no puede acceder al portal de inscripción en línea, llame al sitio de pruebas directamente para inscribirse. Los estudiantes pueden presentarse el día de la prueba sin necesidad de haberse inscrito, asumiendo que el sitio de la prueba tenga suficientes supervisores para acomodar a todos los estudiantes que lleguen sin inscripción. Tenga en cuenta que los estudiantes no pueden solicitar cualquier adaptación de prueba. Si esto ocurre, el estudiante probará sin adaptación, o se le pedirá que se inscriba para otra fecha de prueba, si esta disponible.

¿CÓMO PUEDO CAMBIAR LA CLASIFICACIÓN DE LAS ESCUELAS SECUNDARIAS QUE ESCOGÍ? La inscripción en línea para la prueba HSPT abre el 9 de septiembre de 2025. Reconocemos que los estudiantes van a aprender más sobre las varias escuelas secundarias católicas durante los siguientes meses. Durante el periodo de tiempo llevando al HSPT, los estudiantes pueden cambiar sus escuelas de primera, segunda y tercera opción. Las familias pueden utilizar sus direcciones de correo electrónico y números de confirmación para volver a ingresar al portal de inscripción en línea y cambiar las preferencias hasta dos días antes de la fecha de la prueba.

¿QUÉ NECESITO EL DÍA DE LA PRUEBA? Aquellos que se han inscrito y pagado con una tarjeta de crédito en línea, deben traer su código de confirmación y dos lápices número 2. Todos los demás estudiantes deben traer \$45 en efectivo, junto con toda la información personal necesaria para inscribirse. Recuerde, los estudiantes que se presentan sin cita previa puede que no entren a la prueba si no hay espacio o si el espacio está limitado.

¿CUÁNDO SE ENVIARÁN LOS RESULTADOS? Los resultados y calificaciones se generan electrónicamente, y en el momento de la inscripción, los padres pueden elegir si desean recibir una copia electrónica o una copia enviada por correo. Los padres pueden esperar los resultados de las pruebas dentro de un mes de la fecha de la prueba, pero los resultados electrónicos pueden llegar antes. Las escuelas secundarias elegidas por el estudiante de octavo grado recibirán los resultados directamente del Scholastic Testing Service.

¿HAY ADAPTACIONES ESCOLARES DISPONIBLES PARA ESTUDIANTES CON UN PLAN DE SERVICIO, IEP O UNA EVALUACIÓN RECIENTE? Sí, cada sitio de prueba ofrece tiempo adicional a los estudiantes con una necesidad documentada. Otras adaptaciones varían de acuerdo con el sitio de la prueba. Cuando los estudiantes se inscriben para la prueba HSPT, se les pregunta si se necesitan adaptaciones adicionales. Si contesta sí, debe subir la documentación en el portal de inscripción. Toda la documentación de las adaptaciones necesarias debe estar fechada no antes del quinto grado y debe enviarse antes del 31 de octubre de 2025.

**Los estudiantes del octavo grado quienes asisten a una escuela católica actualmente les van a examinar el 19 de noviembre.*
